 ANDALUSIA

ANDALUSIA.DESIGN

Andalusia is a specialty ceilings and walls manufacturer based in Austin, TX, USA

We combine parametric design with digital fabrication to deliver high-design systems with unparalleled flexibility, speed and efficiency

Dimensional Tiles

Perforate System  
with Backlighting

Vertically-integrated  
production facility in  
Austin.

Specialize in wood and  
metal, but can integrate  
felt, acrylic, preserved  
moss and other materials.

Provide backlighting and  
accent lighting to enhance  
your systems.

Products are designed parametrically to create systems that can be modified in real-time.

We will work with you from concept through delivery.

Fast lead times, easy installation, competitive prices and the highest finish quality.

# DALLAS LOVE FIELD

The image shows a decorative wall panel, likely made of metal, with a grid pattern. The panel features a large, stylized map of Dallas Love Field, created using a dot-matrix or halftone effect. The map shows the airport's layout, including runways and taxiways, with varying densities of dots to create different shades of gray. The text "DALLAS LOVE FIELD" is prominently displayed at the top in a bold, dark blue, sans-serif font. In the bottom left corner, the text "METAL + FELT" is written in a white, sans-serif font. The overall design is modern and artistic, combining functional information with aesthetic appeal.
